

The Air We Breathe.
The City We Share.

Delhi's Crossroads: A Choice for Clean Air.

Delhi's pollution level is alarming.

Electric vehicles are the most realistic solution right now.

Introducing the Delhi EV Policy 2025.

A Clean Future Roadmap

A policy designed to make electric vehicles not just an environmental choice, but a practical and affordable one for every Delhiite.

The Mission: Erase the Price Gap.

To make the price of an EV equal to its petrol or diesel counterpart.

The government recognizes that mass adoption depends on affordability. This policy makes EVs not just environment-friendly, but pocket-friendly.

The Policy in Action: Key Pillars of Support

Heavy Purchase
Subsidy

Zero Road Tax &
Registration Fees

Old Vehicle
Scrapping
Incentive

Charging Stations
in Residential
Areas

Battery Swapping
Facilities

The Tipping Point is Here.

EV prices could match petrol cars in the next **4-6 months.**

“Driven by rapidly falling battery costs.” - Union Minister Nitin Gadkari

Your Financial Advantage: Direct & Immediate Savings.

Benefit: Purchase Subsidy

Advantage: Significantly lowers your upfront cost.

Benefit: Tax Exemption

Advantage: Delivers big savings through zero road tax and registration fees.

A Model for Every Need.

Electric Cars

Electric Scooters

Electric Commercial

Charging, Simplified. Now at Your Doorstep.

- Rapid expansion of charging stations, even in residential areas.
- Support for battery swapping facilities to make refueling instant.
- “Buying an EV in Delhi will soon feel practical and stress-free.”

Delhi is Driving the Change.

Over 1 lakh EV registrations in the last 10 months.

The government is also releasing ₹45 crores in pending subsidies, reinforcing its commitment.

The Right Choice for a Delhi Resident?

Yes, definitely.

- ✓ Low running cost
- ✓ Zero emissions
- ✓ Strong government support

- Requires a new charging habit
- Needs some initial planning

“For value, the Delhi EV Policy is a **game changer** for for buyers, the Delhi EV Policy is a **game changer**.”

More Than a Policy. A Partnership for a Cleaner Delhi.

By making EVs affordable, the government is making the public a partner in the fight against pollution. Your choice helps fast-track a better future.

Your Drive. Our Future.
